

# Computer problems?

Do you have virus warnings, pop-ups that won't go away, a PC running slower and slower, a printer with a mind of its own?  
KRL Technology Consulting can help!

For more information call  
Ken Lee at **203-615-3898** today  
Or email us at **klee@krlcon.com**

- Over 20 years of experience in all facets of Information Technology
- Get a prompt, courteous response and timely service, often the same day
- We'll come to you and do an in-house or in-office evaluation
- Reasonable rates - your satisfaction is guaranteed
- Not everyone is a computer expert – we'll explain the problem in simple terms with no razzle dazzle
